

Job Description

Job title: QA Trainee
Location: Sofia, Bulgaria
Type: Part/Full Time

Company Background

GAN is an award winning global supplier of industry leading casino content, fast flexible gaming systems and turnkey social gaming. The company was founded in 2002 with the aim of capturing the emerging online skill-games market. Having led the market in backgammon and regional skill games in Italy and Spain, we broadened our product portfolio to offer a full gaming software system as well as becoming a leading developer of online casino games.

GAN's flagship clients are market leading casino operations and best-in-class content development houses. GAN's Simulated Gaming social casino partners include WinStar World Casino, Turning Stone Online Casino, Twin River, Maryland Live! Station Casinos, JACK Entertainment Social Gaming, The Lady Luck Interactive, The Borgata Hotel Casino & Spa, San Manuel Indian Bingo and Casino, Empire City Casino, and Parx Casino.

The company has strategically positioned itself in the US as a pioneer in this emerging regulated market. In New Jersey, we have partnered with Betfair to provide a real-money online gaming site since November 2013. We've also launched an Ocean Resort Casino in July 2018.

Overview of the Role – QA Trainee

The candidate should be self-motivated, creative and proactive, to work successfully in a fast-paced environment including multiple platforms and diverse technologies. The individual will work closely with developers, project managers, and other stakeholders throughout the Software Development Life Cycle, executing test iterations, tracking/reporting results, troubleshooting and coordinating defect resolution.

Excellent written and spoken English is critical as you will be required to communicate with colleagues, line managers and occasionally large multinational clients.

Daily Tasks

- Create manual test scripts / test cases
- Working within a team, follow test policies and strategies for manual testing
- Participate in daily meetings
- Ensure the overall quality of the product

Key Qualifications and Attributes

The ideal candidate must be enthusiastic and also have the following qualities:

- Acute attention to detail and passion for technology
- Ability to cope working under pressure and meet deadlines
- Excellent verbal and written communication skills
- Strong logical/analytical skills and passionate in technologies
- Ability to work in a team as well as independently
- Positive attitude and desire to learn

What we offer in exchange:

- Paid internship with 6-8-hour work day
- Opportunity to become a permanent employee
- An opportunity to work in a multinational established company
- A bright team ready to train you and mentor you
- Social environment, monthly funny challenges, breakfast and thematic parties
- Sports Card (access to more than 120 sports centres in Sofia)
- Food vouchers
